Dear Parents / Carers,

Year 10 Careers Education – Exploring future pathways

As Year 10 students progress through their GCSE studies, now is a good time to begin exploring the opportunities available to them after Year 11, including sixth form, college and apprenticeships.

At Biddenham School, we are committed to supporting students in making informed decisions about their futures and encourage families to begin these conversations at home.

Unifrog – Supporting your child's career exploration

Unifrog is our online careers platform, providing information about careers, further education, apprenticeships and future pathways. We encourage you to explore the platform with your child to help them discover their interests and consider their next steps.

Parents and carers can create their own account to access useful careers information and resources.

Register here: https://www.unifrog.org/parent

Important: Please register using the same email address that the school holds on record for you to ensure your account is linked to your child.

Biddenham Horizons – Our Careers Website

We are also pleased to share Biddenham Horizons, our Careers website, which provides up-to-date careers information, events, resources and opportunities.

The website includes dedicated year group sections, ensuring information is relevant to your child's stage of education. Students will also receive a weekly Careers newsletter highlighting useful updates and opportunities.

Visit Biddenham Horizons:

We encourage you to explore these resources together as your child begins considering their post-16 options. There is no expectation to make firm decisions yet, but early exploration will help them feel more confident and prepared.

Should you require any further information or guidance, please do not hesitate to contact me.
