

They are wearing slightly sheer leotards which are very easy and comfortable to dance in. The shorts are bright colours to represent the colourful Brazilian parades and celebrating. There is a strip of the same colour as the shorts going across the chest that looks to me like a firework.

### Custom Cultural Dance Costume

My costume has to show British culture. I think the dance would be a ballet because of the monarchy and our “poshness” . The colours are red, blue and white for our flag. It has red ballet shoes, a blue dress with a white trim and red jewels, the blue bodice has curling white lines around it. Along the shoulder area it’s a white sheer material with red outlining. It has a headpiece of a blue flower with red beads and a strip of more sheer white material. I think it’s elegant and quite pretty.
