

# BIDDENHAM BULLETIN

The Senior Prefect Team organised an enjoyable event and we were able to see our Sixth Form students dress up and embrace their cultures in such a wonderful way.

Year 11 students were excited to be invited to spend a day at Brooks Hair & Beauty where they were able to practice various hair, nail and massage techniques in the training salon.

Year 9 Drama students visited the Richmond Theatre to watch a production of Willy Russell's, 'Blood Brothers'.

WorkSkills students organised a Valentine roses business who managed to deliver 190 roses on the last day of term!

Year 7 girls had the most amazing opportunity to play a game of rugby on the hallowed turf that is Twickenham Stadium.

In March, 15 year 12 students visited Wadham College, Oxford University where they took part in lots of information and academic sessions as well as a tour of the college. We also bumped into former Biddenham student Mauricio who now studies there!

Students from years 9, 10 and 11 had a fantastic time travelling to Shakespeare's globe in London to see a wonderful production of The Tempest

Year 7 students went on a residential trip to explore Stonehenge and the Eden Project. They did really well applying knowledge from lessons to the activities there. We even managed to squeeze in a quick visit to the beach!

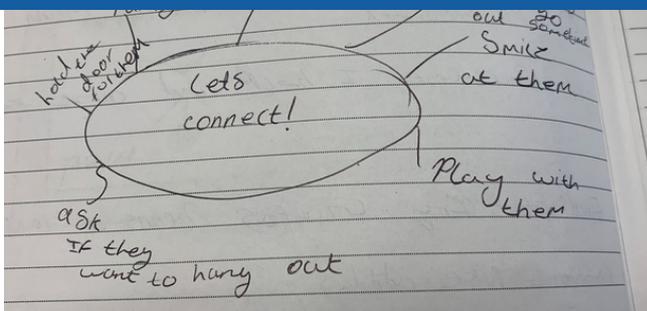

Giuliano in Year 9 has been awarded a choral scholarship at St Paul's church in Bedford. He receives singing and theory lessons and a bursary.

Over 40 students were involved in this year's annual Dance Showcase "Spring into Dance" with representatives from all year groups. Students were able to perform exam pieces as well as techniques and class work. We can't wait to get to do it again next year!

Biddenham has been celebrating Children's Mental Health Week with Place2Be by following this year's theme 'Let's Connect'. Students started the week by writing pledges on how they will be supporting the week and connecting with others. During assemblies, in PSHE and lessons, students have been learning the importance of connecting with others for both their physical and mental health.

NHS advice on looking after young people's mental health

Please contact Abigail Speight or your child's Head of Year if you have any concerns for their mental health
